About me

A motivated and detail oriented graduate with Bachelors of Computer Application with 3.42 GPA. I have a year of Web Developer experience at Elecon Engineering Co., in which I developed and maintained a full stack website using .NET, C#, and SQL Server. Currently pursuing master's in information technology and management at Illinois Institute of Technology, Chicago. Looking forward to contributing my coding skills to the company's growth.

Education

Illinois Institute of Technology, Master's in Information Technology and Management Aug 2024 – Present

The Charutar Vidya Mandal University, Bachelor's in Computer Application Apr 2020 - Mar 2023

Experience & Leadership

Web Developer, Elecon Engineering Co. - Anand, GJ Apr 2023 - Apr 2024

- Developed and maintained a full-system website for the company using ASP.NET, C#, and SQL Server.
- Redesigned and user-friendly website that improves scalability and maintainability.
- Optimized SQL Server database with store procedures, triggers, and CRUD operations.

General Secretary of College Apr 2022 – Mar 2023

- Served as a GS in my college during the final year of my bachelor's.
- Communicated with the principal and co-coordinators of different portfolios (Music Dance and Theater, NSS, NCC, Sports, and Women empowerment) to organize events during the academic year 2022-23.
- Worked with team members assigned to successfully organize events.

Projects

Online food ordering system Apr 2025

- Built a full-stack website using TypeScript, Postgres, and TailwindCSS as a part of final project in my second semester of master's.

Restaurant management system Oct 2022 - Mar 2023

- In my final semester of bachelor's, I worked on a "Restaurant management" project. To develop this system, I used ASP.NET, C# and SQL Server.
